

Welcome to our April 2014 Newsletter

It has been an exciting couple of months with submissions being made to the government on inter-country adoption, and more recently the inquiry into grandparents who care for their grandchildren. To view these submissions [click here](#) to view the papers on our website.

Our forum “Legal Answers for Permanent Care Parents” is coming up on 30 April and due to popular demand has been ‘sold out’. If you would like to be placed on a waiting list for our next legal forum, please contact Deborah@pcafamilies.org.au or telephone 9020 1833. Our bookstore will also be available to browse and we are offering a 10% discount to those who place orders on the day.

People are raving about our Parenting Plus! training program. Our most recent course was completed last week with 18 parents in attendance. The next course will be run over 4 weeks commencing on May 15 at Northcote Library on two Thursday evenings and two Sundays during the day. Read more about this on page 2 of this newsletter. It is highly recommended for those who would like to gain a greater understanding and practical skills in therapeutic parenting.

Life Story Work for Parents

Join us on Monday 28 April evening for an Informative and fun session on Life Story Work for Parents.

So what is Life Story Work?

Life Story Work, as we will be presenting it, is a therapeutic parenting tool to use with your children.

Children of families created through permanent care and adoption often require additional guidance from the adults in their lives to ensure they have opportunities to record their history. They may also need help reflecting upon the impact of this narrative on their life. Life Story Work is a researched and highly regarded mechanism for providing structure and purpose to children and families engaged in this activity. It includes communication and documentation tools to encourage identity and self-esteem development such as life books, journal writing, life maps, life narratives, therapeutic play and family trees.

So join us on Monday April 28 from 7pm till 10pm at our office in the CBD and learn about;

- ◆ Current research and thinking on Life Story Work and the role it can take in family life
- ◆ A 'toolbox' of suggested strategies and activities
- ◆ The opportunity to explore, in a practical way, how to create and use life stories.

Photo exhibition of adoptees in Thailand

Samantha Everton; an adoptive mother of a son from Thailand and a daughter from China is having a photo exhibition from 12 April until 10 May at Helen Gory Gallery, 108-110 Gertrude St, Fitzroy. The Gallery hours are Tues—Fri 10am-5.00pm and Sat 12—5.00pm

These photos are of Thai adoptee children, captured in a way to highlight their individuality and diversity, rather than only seeing them in the one dimensional frame of an adoptee.

The Skin I’m In A First Look at Racism by Pat Thomas

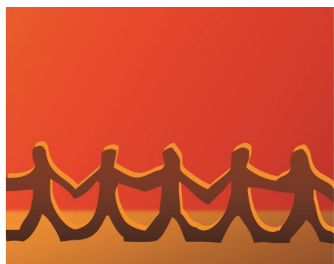

The Skin I’m In explores ideas of race, religion and culture in a neutral and easy-to-follow way. There is a focus on skin colour and other visible indicators of ethnicity. *The Skin I’m In* successfully straddles the line between being simple to understand, whilst still explaining complex ideas and terms to children. There is a useful section in the back of the book, designed especially for the parents, that includes a glossary of terms and a “How to Use This Book” page.

The attractive watercolour illustrations are used advantageously to demonstrate scenarios and ideas, and the language remains simple even when exploring complicated ideas and concepts.

This book would be suited to younger children that are starting to question why they look different compared to people in their family or other individuals in the wider community. It would also be a useful teaching tool for all children to explain the concepts of diversity and difference.

Peer support Groups

Permanent Care and Adoptive Families is offering [Sponsorship](#) to new, developing or existing support groups for families formed through permanent care and adoption.

If you have been thinking that it would be great to connect with other families formed through permanent care and adoption or are considering starting up a play group so that your children can mix with others from similarly-formed families... PCA Families can help!

We recognise that families formed through permanent care and adoption have unique needs; and are keen to assist you in your joint efforts with other families in establishing support groups which meet the needs of your families. We are offering sponsorship specifically for eligible groups run by and for permanent care and adoptive families. This sponsorship entitles groups to financial and other in-kind assistance which could be used for a variety of purposes such as running a family day to attract new members; hire of a community venue to run your group; or purchasing materials for activities.
