4	I'm not familiar with most of the online options mentioned so can't make informed comment. An online forum for peer support and comment would be excellent I think, but as far as understand Facebook etc is not a closed forum ie anybody can view info any time. Given the sensitive nature of Permanent Care in particular - where the Children Youth and Families Act explicitly precludes pc parents from disseminating information that would identify the children in their care as subject to a Protection Order - this could be problematic if open to the general public??	2/4/2015 10:33 AM
